Refugee Sponsorship

Financial Commitment

Our refugee family will require our corporate and individual support in many ways – and the first one we must consider is finances.

Working through the Presbyterian Church in Canada/PWS&D and under the Blended Visa Office-Referred (BVOR) program, we will have to demonstrate when we make our application that we have the cash – or a combination of (mostly) cash and pledges - sufficient for the undertaking.

As per the information provided last week (November 1, 2015): “we are hoping to know that we have about \$35 000--\$40 000 to use for the year. **We wish to have pledges of at least \$20,000 before we go ahead with this.**”

Refugees are dying every day so we need to move as quickly as we can. Therefore, we ask that you prayerfully consider how much financial support you can provide and return the bottom part of this letter to St. Andrew’s **no later than Sunday, November 22, 2015** in an envelope marked “**refugee support**”. If we have enough to proceed, we will request payment and begin the application process. If we have money left over after the family is settled in Guelph, we will send it to PWS&D to support refugees who are living in camps.

Record your commitment here for your records and tear off the bottom portion and return it to St. Andrew’s.
